

HOLD-UP SHOT BY "EX-CON" HE TRIED TO ROB

Bullet in Head and Lung, Quickly Fired, Will Prove Fatal

PAL IS CAPTURED

Man Who Fired Shots Surrenders—Four Other Stick-ups Reported

At 2 o'clock this morning Patrolmen Bradley and Wickstrom found the second highwayman who had been shot twice in the back by Ragan the victim of the robbers. The wounded man was found in the Southern Pacific railroad yards leaning against a box car near the Pierce lumber yards through which he made his escape after Ragan had resisted the efforts of the two highwaymen with a volley of revolver shots. The wounded man was taken to the police station.

An unidentified highwayman was last night shortly after 11 o'clock shot twice by Thomas A. Ragan a three-term convict in front of the Lauritzen Implement Company's store at the corner of H and Fresno streets when the former attempted to hold up Ragan according to the convict's story. Ragan surrendered to Patrolman Ed Bradley and is being held in the county jail. The wounded desperado was rushed to the county hospital and doctors claim that he cannot live. He is shot in the head and in the lungs. He is unconscious and it is thought that he will die in that condition. The police attempted to get a statement from him early this morning but the highwayman only mumbled in his delirium. This makes the fourth hold up that was reported to the police last night.

At an early hour this morning a fourth holdup was reported to the police. A man whose name is A. H. Landers was held up at the point of a gun at the corner of I and Tuolumne streets. No further particulars were revealed by the police who are investigating. The entire police department has been pressed into service to stop the series of holdups. It was learned at an early hour that the name of the second highwayman is William Mark. He refused to talk.

Later, it was learned that a masked man had attacked Landers in the 1400 block on North I street. Landers resisted and the robber fled into the darkness toward the railroad yards.

The police found an I. W. W. membership card in Mark's pocket. The card gave his name as Ed Allison. Later the police learned that Mark, alias Allison, had told a boy in Chinatown that he intended to hold up somebody before the night was over, as he was broke and wanted to get out of town.

Other men, who are thought to be pals of the highwayman, were seen to run from the scene of the shooting and the police are searching the town and country for them. The officers have a good description of one of the men, and they think he will be caught before morning.

Ragan claims that he was enticed to go down H street by a young man that he had made friends with two days ago. He thinks that this friend was in with the highwayman and that they had planned to rob him. Ragan bases his supposition upon the fact that his young friend deserted him the moment there was any sign of trouble and has not put in his appearance.

There was nothing in the pockets of the highwayman by which he could be identified. He had a little over \$5 in his pocket and a letter written in a foreign language.

On the fly-leaf of a notebook taken from the highwayman's pocket was the writing "J. Rogers. Please assist this young man and oblige G. B. Ryan." There was no date nor town, and the police have only this clue to work on.

Ragan thinks that perhaps he will recognize the highwayman as one of the men that he saw talking to his young friend during the day. Ragan arrived in Fresno about four days ago and intended to go to Friar and go to work there.

Before coming to Fresno, Ragan was employed by the San Joaquin Light and Power Company on Kings river, but had to give up the job because of hurting his hand. He came to Fresno for medical treatment.

Two days ago he met a young man in Chinatown, according to his statement made to the police last night, and he became chummy with them. As they were broke he allowed them to share his bed with him in the Star lodging house on H street. One of these young men, Charles B. Hartman, (Continued on Page 2.)

RESCINDS ISSUES OF SECURITIES BY TIDEWATER & SOUTHERN

State Railroad Commission Sets Precedent in Public Finances

HAD DISOBEYED RULE

Stock Salesmen Have Given Themselves Illegal Commissions

(Special to the Republican.)

SAN FRANCISCO, Sept. 18.—The State Railroad Commission today rescinded its order previously made granting the Tidewater and Southern Railway Company permission to issue approximately \$3,500,000 in stock and \$750,000 in bonds on the ground that the officials of the company have violated the commission's order. This is the first case in which the commission has taken such action.

In its authorization of the securities the commission laid down definite terms, fixing the commissions which were to be allowed on the sale of stock. It now appears, however, that the company has been issuing its securities in disregard of the commission's order, according to the latter.

The commission's rescinding order concludes in the following manner: "It is hereby ordered that said application and order of this commission, dated June 29, 1912, are hereby suspended so that applicant is prohibited from issuing or in any way disposing of any stocks, bonds or other evidences of indebtedness until applicant shall have satisfied this commission that it has made good the violations of the order of this commission."

The new order of the commission is accepted as indicative of the intention to enforce strict regulation of the handling of securities. Under the terms of its first order the Tidewater and Southern was permitted to issue its stocks and bonds on condition that they would be so disposed of as to give the corporation a return of at least 80 cents on the dollar. The commission named 50 cents as the minimum the corporation was to receive.

The commission's order of securities said: "The commission hereby orders that the figure of 80 cents was accepted as both maximum and minimum; that a number of the securities were sold above par, and that anything above 80 cents was accepted as a commission by those handling the securities."

At an early hour this morning a fourth holdup was reported to the police. A man whose name is A. H. Landers was held up at the point of a gun at the corner of I and Tuolumne streets. No further particulars were revealed by the police who are investigating. The entire police department has been pressed into service to stop the series of holdups. It was learned at an early hour that the name of the second highwayman is William Mark. He refused to talk.

Later, it was learned that a masked man had attacked Landers in the 1400 block on North I street. Landers resisted and the robber fled into the darkness toward the railroad yards.

The police found an I. W. W. membership card in Mark's pocket. The card gave his name as Ed Allison. Later the police learned that Mark, alias Allison, had told a boy in Chinatown that he intended to hold up somebody before the night was over, as he was broke and wanted to get out of town.

Other men, who are thought to be pals of the highwayman, were seen to run from the scene of the shooting and the police are searching the town and country for them. The officers have a good description of one of the men, and they think he will be caught before morning.

Ragan claims that he was enticed to go down H street by a young man that he had made friends with two days ago. He thinks that this friend was in with the highwayman and that they had planned to rob him. Ragan bases his supposition upon the fact that his young friend deserted him the moment there was any sign of trouble and has not put in his appearance.

There was nothing in the pockets of the highwayman by which he could be identified. He had a little over \$5 in his pocket and a letter written in a foreign language.

On the fly-leaf of a notebook taken from the highwayman's pocket was the writing "J. Rogers. Please assist this young man and oblige G. B. Ryan." There was no date nor town, and the police have only this clue to work on.

Ragan thinks that perhaps he will recognize the highwayman as one of the men that he saw talking to his young friend during the day. Ragan arrived in Fresno about four days ago and intended to go to Friar and go to work there.

Before coming to Fresno, Ragan was employed by the San Joaquin Light and Power Company on Kings river, but had to give up the job because of hurting his hand. He came to Fresno for medical treatment.

Two days ago he met a young man in Chinatown, according to his statement made to the police last night, and he became chummy with them. As they were broke he allowed them to share his bed with him in the Star lodging house on H street. One of these young men, Charles B. Hartman, (Continued on Page 2.)

CLAIMS FEDERAL SPIES FOLLOW MOVEMENTS OF DIXON AND M'CORMICK

CHICAGO, Sept. 18.—Senator Dixon, chairman of the Progressive national committee charged today that two agents of the United States Department of Justice whom he called "Wicker-shaw's spies" have been spying on him and other members of the committee. He accused the men of tapping telephone wires and stealing a satchel which the alleged "spotters" apparently believed contained compromising papers.

Senator Dixon gave the names of the men as "Arndt and Beardsley." He said they had been in Chicago a week. Government officials denied the charges. Many men of the names given being employed in the Department of Justice.

McNeill McCormick said the two men followed Senator Dixon when he left Chicago for New York tonight.

LONGWORTH DEFINES HIS POSITION IN NATIONAL CAMPAIGN

CINCINNATI, Sept. 18.—In a statement before the Republican county committee here today, Nicholas Longworth, congressman from the First Ohio district and son-in-law of ex-President Roosevelt, made the following expression regarding his attitude in the coming election: "If the question be asked as to my present position, I reply that I am as I have always been a Republican and I shall support as I have always supported the Republican ticket."

"At the same time, I want it understood that as a Republican I am a Progressive."

"I believe that modern conditions demand Progressive legislation and that the policies inaugurated in the administration of President Roosevelt must be carried out."

"I am for the primaries and for extension of the primary law to elect all officers, even up to the presidency."

JAPANESE PICK EXHIBIT SITE

Million Dollars to Be Spent on Building and Garden

VERY WARM IN NORTH OF STATE

SAN FRANCISCO, Sept. 18.—Commissarios from Japan to the Panama-Pacific Exposition selected a site today for the million-dollar building and garden which their government will present to America as a permanent exhibit. The spot chosen is in the government military reservation known as the Presidio, and was set aside by special permission of Congress.

The ceremonies planned include a luncheon to all the foreign consuls of the city, a review of troops, daylight fireworks and an international salute from the cruiser Marblehead at anchor off the fair grounds.

San Francisco and Sacramento were singled out as points of attack by today's heat waves, both cities recording temperatures 10 degrees above the average for the rest of the state. The San Francisco maximum was 84 degrees, a record for the year.

According to United States Weather Forecaster McAdie, the high temperatures mark probably will remain unsurpassed this year, as the prophecy for a drop in the thermometer of from 10 to 15 degrees, with indications of cooler weather immediately to follow. An inbound trade wind, late today, brought relief to the sweltering street crowds.

ANOTHER REPRIEVE FOR SILENT CONVICT

SACRAMENTO, Sept. 18.—Charles Carson, under sentence to be hanged at Folsom prison, who was recently executed before a Superior Court jury as to his sanity, will not be executed next Friday. Acting Governor Wallace having issued a reprieve today, giving the condemned man a respite until November 8, 1912. The reprieve was issued because of the doubt that still exists concerning Carson's sanity.

Carson was convicted and sentenced to be hanged for having participated in an attempted prison break at Folsom prison in 1906. He attacked a guard with a deadly weapon—a knife—during the famous Carson-Finley-Quilada break, and under the California state law was sentenced to be hanged.

For more than two years past, Carson has refused to speak.

FEDERAL ACTION TO KEEP OUT PEST

WASHINGTON, Sept. 18.—A quarantine against practically all fruits and many vegetables from Hawaii on account of the Mediterranean fruit fly, which has caused great damage there, was proclaimed by the Department of Agriculture today. It was effective immediately.

California producers warned protection against the pest and Hawaiian producers gave notice that they had no objection to the quarantine.

4,500 STRIKERS SEIZE COPPER MINES IN UTAH

Determined to Prevent Any One From Entering the Property

ONE MAN IS SHOT

Militia May Be Called Out to Preserve Order at Bingham

(Continued on Page 2.)

BINGHAM, Utah, Sept. 18.—Forty-five hundred men, employed in the copper mines here, laid down their tools this morning after the operators refused last night to meet their demands for an increase in pay of 50 cents a day. Every mine in the camp, with one exception, is idle. The strikers are mostly aliens and determined that no one shall enter the mines or buildings until their demands have been granted. So far there has been little trouble.

Seventy-five deputy sheriffs are patrolling the streets tonight and all saloons are closed. Early tonight a crowd of strikers threatened the patrol but they were promptly held up and dispersed. The foreigners have entrenched themselves in commanding positions above the mines and have fired on several parties who attempted to visit the properties. Night Superintendent John Kennedy of the Utah Copper Company was fired on tonight when he attempted to leave the mine house.

Sheriff Sharp is in the district directing his deputies but his force is too small to control the situation should the miners attempt to destroy the mine properties. Governor Spry, who is in the southern part of the state, has been called to Salt Lake and will meet with the sheriff and mine officials tomorrow morning to discuss whether or not the situation is such that state troops will be necessary. Members of the state militia are expecting a call to the district and are making ready their camp equipment tonight. It is not expected that any serious trouble will develop unless an attempt is made to open the mines with outside men.

BEGAN IN MORNING. BINGHAM, Utah, Sept. 18.—Officially the strike at Bingham went into effect at 7 o'clock this morning as scheduled. A tumultuous meeting of union miners last night, but the violence of a walkout did not show themselves until an hour and a half or two hours later. By that time the miners had removed their tools from the various mine workings.

Strikes pickets, most of them with arms of some description, stationed themselves at the approaches to the various properties and many of them fired shots in the air. A few miners, going to their work as usual, were shot and back. Company officials were shut out of their own properties.

Twenty-five deputy sheriffs went to the camp last night in anticipation of trouble, attempted so far as was prudent, to stop the shutting and lift the blockade. Their efforts led to the blood shed in the strike when Thea Schwartz, a deputy, ordered a picket to stop firing his gun. The picket continued his fusillade and the deputy fired at him, wounding him in the wrist. Other strikers rushed to the picket's aid and Schwartz was killed.

ONE MINE CONTINUES. The Great Utah-Copper, one of the most productive copper mines of the world, the Utah Consolidated, United States, Brigham-New Haven, Ohio and Rio Grande mines, and a score of lesser mines and leases, the Bingham and Garfield Railway and the ore traffic on the copper belt branch of the Rio Grande Railway were closed tightly.

Early in the day some of the Bingham mine operators made representations to Sheriff Sharp of Salt Lake county, which caused him to arrange a meeting with C. S. Lingry, secretary of state, A. R. Burns, attorney general, John E. Hardy, secretary to the governor, H. C. Germell, assistant manager of the Utah Copper Company and Clarence E. Allen, assistant mines manager of the United States Mining Company. Governor Spry, who is in the southern part of the state, will be called to Bingham tomorrow.

At this meeting the situation was discussed and a statement was telegraphed to Governor Spry. Sheriff Sharp made no request for state troops, but indicated to the governor that the forces at command would not be sufficient to control the thousands of idle men in this camp.

Governor Spry wired in reply that he would be in Salt Lake City by midnight to make a personal investigation.

Sheriff Sharp, in the meantime, dispatched informants to his little army of deputies. W. A. Force, with a force numbering thirty-five men the officers in camp, started a party on the rounds of the mines to draw the fire which had been left burning under many of the boilers. This party had scarcely started up the mountain on which most of the mines are located when shots began to patter on the hillside in front of them and it was discovered that the strikers had been busy building breast works in commanding positions at each side of the narrow gulch in which the town is situated. The officers immediately retreated.

DEMAND FOR INCREASE. The Bingham miners made an informal demand several weeks ago for a flat increase of wages in all departments of 50 cents a day. On September 10th the Utah Copper Company announced a horizontal increase of 25 cents a day for all labor and the other employers adopted the same scale. This was not satisfactory to a majority of the miners and they continued for the full 50 cent rate. Today a strike vote was ordered.

PARTY ORATORS CONTINUE ON TOURS OF NATION

Roosevelt Talks to Spanish Americans of New Mexico

WILSON IN MINNESOTA

Bryan Reaches Utah on Way to California

(Continued on Page 2.)

ALBUQUERQUE, Sept. 18.—"The white father," in the person of Colonel Roosevelt, opened his relations with the Indians of New Mexico today and before he started for Colorado tonight, had struck up a neighborhood acquaintance with them. Most of the day was spent in the run across the state, and whenever the train stopped the Indians studied Roosevelt and Colonel Roosevelt studied the Indians. The colonel's arrival in Albuquerque toward the end of the day brought him back, he said, in the fall of duty and he took up the campaign once more.

Colonel Roosevelt spoke to a large crowd on the plaza here. He appealed especially to the Spanish-Americans to support the new party and to turn their backs on the bosses.

It was the pueblo Indians, whom Colonel Roosevelt met wherever he went. Colonel Roosevelt, of the major domo of the Roosevelt train, sent word ahead to the Indian villages along the way that the "great white father" was coming through.

The largest gathering was at Laguna, where perhaps a hundred were in the crowd waiting for the train. "Heard a big Indian" at the Carlisle Indian school as Frank Simmons, chief of the Lunga tribe, was in front to do the honors.

KNOWS HIS INDIAN. As soon as the train stopped, the "white father," wearing corduroys and a leather jacket, surrounded by a well-dressed crowd of men, walked solemnly forward and thrust out his hand, while the lesser Indians stood back in silence. Colonel Roosevelt grasped the outstretched hand.

"What school?" the colonel asked. "Carlisle," the chief replied. "That's fine," said the colonel, "There was a Carlisle boy at the Olympic games who cleaned them all up. He ran like a coyote with a torch in his mouth."

At this utterance the Indians wagged their heads and smiled, for the colonel had used a bit of Indian slang which they understood.

"Oh, I lived among the Indians in the north," he said, "and I know a good deal about you. See here?" The colonel thrust one arm into the air, with two fingers held apart like a "V" sign.

"That means Jackrabbit," he said. The Indians wagged their heads. Then the colonel drew his forefinger across his throat as if he were cutting it.

"With his forefinger the colonel traced an imaginary wriggling line through the air. "Commences," he announced. By this time the Indians were smiling broadly. The colonel then put his hands, with forefingers outstretched, beside his head and waved them as they were huge ears. It was supposed to represent the head of a wolf peering over the top of the cactus.

"Apache," he called out. "He's big Indian," he said. Several squaws with baskets balanced on their heads walked up. In the baskets were fruit and pottery. The colonel who has been showered with gifts of fruits and flowers since he began his trip, looked at them expectantly.

"Ten cents," said a squaw, holding up a vase. The squaws were there purely for commercial purposes and the colonel directed his secretary to buy something from each.

A large part of the crowd which heard Colonel Roosevelt in Albuquerque was composed of Mexicans, and there was a scattering of Indians. George Armijo, who was a sergeant of Colonel Roosevelt's Rough Riders, acted as interpreter for his old commander, who attacked the bosses of both parties.

NO PART IN FIGHT. BEVERLY, Sept. 18.—President Taft today denied published reports that he is taking any part in the New York state fight for the gubernatorial nomination. The following statement was issued: "The President wishes it understood that he is taking no part in the contest for the Republican candidacy for governor of New York state. Newspapers say that he favored one candidate or another, but they are entirely without foundation. He believes the election is to be an open one in which the best judgment of the Republicans of New York is to have representation in their selection of the candidate."

BRYAN IN UTAH. SALT LAKE, Sept. 18.—William J. Bryan arrived here tonight after a day spent in speaking in the Utah and Salt Lake valleys. His first speech today was at Provo, where he arrived shortly after noon. His speech at Provo was brief.

Bryan made the trip from Provo to Salt Lake this afternoon stopping at several towns along the line, where he was greeted by large crowds and called upon for speeches. He spoke at the Salt Lake theater here tonight to an audience that completely filled the place.

(Continued on Page 2.)

HILLES OVERRULES TRICK PLANNED BY COAST TAFT MEN

Decides Against Scheme to Divert Reactionary Votes to Wilson—Changes in Committee

NEW YORK, Sept. 18.—California Taft supporters will seek to have a list of electors on the November ballot under a name other than that of the Republican party, according to announcement made here tonight by Chairman Hilles of the Republican National committee.

Announcement was made after an all day session of the national committee. The advisory committee being included at the afternoon meeting.

Chairman Hilles reported that the situation in the various states in regard to the electors is now in good shape. He said that of the 100 electors on the Republican ticket, in several states who turned out to be Roosevelt men, all had been replaced except in Kansas, Nebraska and California.

The Kansas cases, he said, is in the courts, the Nebraska case soon will be and that a special committee will arrange for a new organization in California, and place Taft electors on the ticket under some other name than that of the Republican party.

A resolution was adopted calling on the electors of Nebraska and Kansas who were named as Republicans, but who are now for Roosevelt, to retire at once. The resolution provided that if these men owe a duty to the state as well as themselves, Secretary Raynolds said that after the meeting everything was done in complete harmony and the vote to oust committees was unanimous in every case.

HOQUE NOT INFORMED. SAN FRANCISCO, Sept. 18.—S. Fred Hoque, Taft campaign manager in California, in commenting on Chairman Hilles' reference to placing Taft electors on the ticket under some name other than Republican, said tonight that Taft leaders were determined to carry the fight for the Republican designation into the courts, unless blocked by the national committee. He explained Secretary Hilles' allusion to a new organization in California as referring to the Taft state organization which he said will be endorsed by the national committee. He said the secretary's plan of not including on the party designation contemplated an agreement with the Progressives by which the two factions would go on the ballot as Taft Republicans and Progressive Republicans.

Hoque said Taft leaders here had received no official notification from the national committee regarding any proposed change of plans.

Taft organization. SAN FRANCISCO, Sept. 18.—Leaders of the Taft wing of the San Francisco county Republican party will hold a caucus tomorrow, at which they will select the official committee, the selections to be ratified later in the day by the eighteen Taft county committeemen who bailed from the county convention Tuesday night.

The Taft county committee, according to the present plan, recognize the Taft organization as the real Republican county committee of San Francisco, as soon as the state committee receives the official endorsement of legitimate Republican state organizations. Albert E. Cast, chairman of the Taft Republican county convention has been spoken of as the probable chairman of the county committee.

The platform committee of the convention will meet tomorrow night and will submit a platform at the convention Friday night.

PROGRESSIVE PLANS. The Roosevelt leaders will complete the organization of their county committee tomorrow night. The men discussed are George E. Crothers, chairman, H. Bentley, Daniel A. Ryan and Fred Hansen. Louis H. Mosser, temporary chairman of the Democratic county central committee, announced today the personnel of the county committee and the platform committee and the Bryan and reception committee, which will report to the convention at a meeting to be held tomorrow night.

Headquarters here today to ask the Democratic state convention, which will meet in Sacramento Tuesday, to accompany Bryan, in a body, after adjournment, on the special train which will deliver him to this city, where he will deliver an address. A change in Bryan's itinerary was made upon the request of a committee from Hanford, allowing him to speak in that city. To make this possible, a special train will be run from Hanford to Sacramento, enabling Bryan to keep his Sacramento engagements.

SENATOR MAGNAN CHARGES. SAN FRANCISCO, Sept. 18.—James H. Ferren, Democratic nominee for the state senate, filed in the Superior Court today, a general denial of the charges of misconduct brought against him by Senator John P. Hare, whom Ferren defeated. Ferren's accusation included a charge that Hare conspired with State Senator Thomas P. Finn to secure the senatorial nomination over Hare and then make no effort to be elected, leaving Finn a clear field, with Hare out of the way. This Ferren denies and he also denies Hare's charge that he intended to go to New York and remain until after the election.

Ferren also defended Annie L. Parker, an election officer, who was accused of having passed out cards while on duty, advising voters to cast their ballots for Ferren.

General Orozco and all the leaders and soldiers of the revolution reject reward and the reward of the revolution by the votes of the leaders and the justice regulate law and that law shall rule. For as a legal government is not alone the one legally elected, but the one that legally complies with its duties.

TO MADERO. "We have also received insinuations, offers which only indicate a weakness by proffering a price. It is useless, and against the peace and dignity of the republic. Senator Magana was not charged with this matter, and therefore my comrades, I deliver to him this message: 'We are not for sale. The revolution is for the nation and to you, Mr. President.'"

"I again repeat that we are inspired by love for the fatherland, of liberty and of justice, and we are moved by the contemplation of the miseries and the sufferings of the people, the atrocious offenses against the poor class and against the law. The revolution is just, it should be complied with, and that immediately."

"War, slaughter continues. The revolution will not end, for the leaders themselves cannot restrain it. In the face of a national will, until justice reigns and the laws are respected, necessary—UP TO US. The revolution is on foot before the country, awaiting your decision. We will do our duty to the end."

"General Orozco has been told through me that the government wishes to bring about peace. The general desires to bring about peace. It is possible to unite these two in one patriotic work—and good will be the result. The revolution is on foot before the country, awaiting your decision. We will do our duty to the end."

(Continued on Page 2.)

HOLD-UP SHOT BY EX-CONVICT HE TRIED TO ROB

(Continued from Page 1.)

Was found asleep in the room last night by the police officer after the shooting, and he will be held in jail pending the investigation. He denies all knowledge of the attempted holdup and the officers are inclined to believe him. He was drunk when taken out of the room. Early last night, according to Ragan, he went into Chinatown with his two young friends and they spent the greater part of the evening playing pool in a Chinese pool hall. During the game, Ragan claims that the young man who is missing when he called "The Kid," held several hurried conversations with men who entered the room.

Later in the evening they left Chinatown and went to Ragan's room in the lodging house on H street. Later they purchased several bottles of beer. Ragan claims they drank the beer and then "The Kid" waited to go back to Chinatown and play just one more game of pool. Ragan claims that he refused, and that in a few minutes "The Kid" said he was hungry, so he consented to walk down to a restaurant and get him a meal.

Ragan says that he and "The Kid" left the room and Buttermann was found asleep on the bed. Ragan claims he walked down H street from the lodging house, toward Fresno street, crossed Fresno, and was just passing the employment store when a man jumped out from the dark and ordered him to throw up his hands. He says the man pointed a gun at him. Ragan claims that at the same time he pulled his gun and started to shoot. The man with the gun dropped in his tracks, and Ragan's companion ran back to

DON'T SUFFER FROM ECZEMA

A new treatment has recently been discovered by a prominent physician which is guaranteed to cure all skin diseases or blemishes. This new treatment is called Eczema and is not only successful and antiseptic, but contains no lead, mercury or anything that will injure the most delicate skin. Wonderful and gratifying results follow its use and it is guaranteed to quickly relieve and cure the most obstinate and chronic cases of eczema, pimples, ulcers, itch, piles, etc.

Get a jar today and if not satisfactory when used as directed we will return your money if you will bring back empty jar.

Liberal jar 25c, larger sizes 50c and \$1.00.

Before you decide where you will have your dental work done let us tell you some things about our work and methods that may impress you.

In the first place we have the largest dental practice in the state which is due to the high class work we do and the guarantee of satisfaction that goes with it.

Teeth are extracted without pain. This is due in part to the modern, scientific methods we use and in part to the sympathetic care we use with our patients.

Our Alveolar method of replacing lost teeth will interest you. If there are two or more sound roots we build an entire set of artificial teeth into the mouth. These are entirely different from the old-fashioned false teeth.

These artificial teeth look like the natural teeth, they feel like them, and the user, they are just as satisfactory, and all who use them recommend them highly.

Our work is all first class. That is why we continue to enjoy such a large clientele.

Consultation costs nothing and we will be glad to make an examination of your teeth for you.

WARD Fresno street and disappeared in the subway. A third man, whom Ragan thinks that the shot started to run down H toward Mariposa. Ragan turned his gun on this fleeing figure in the darkness and shot twice. He claims that the man put his hand to his back, and thinks one of the bullets entered the human target.

Ragan stood his ground and started to shout for help. Patrolman Bradley with other officers reached the scene in a short time and Ragan turned his gun over to Bradley and was later taken to jail. A revolver was found in the hand of the wounded highwayman.

Patrolman Bradley at the time of the shooting was at the corner of H and Mariposa streets and had just placed two men under arrest for vagrancy. He was just starting toward the jail when the shots rang out. Bradley released his prisoners and started on a run down H street toward Fresno. Near the scene of the shooting Bradley encountered a man running his way. Bradley shouted for the man to halt but the man dived across the street and was soon lost in the lumber yards. Bradley started in pursuit but was attracted back to the scene of the shooting by Ragan's cries for police and help.

Ray Falkenstein, driver of the bus for the Grand Central and Edison hotels, was at the corner of H and Mariposa streets when the shooting took place. As he ran down the street toward Fresno he saw two men running away. They were Ragan's companion who escaped through the subway and the third man who went into the lumber yards. A thorough search of the lumber yards was made by Patrolman Bradley and no sign of the escaped man was found. No signs of blood were found so the police doubt that the man was shot.

The wounded man was removed to the emergency hospital where he was treated by Dr. Floyd Burke and later the bullets entered the man's forehead and lodged in the brain. The other entered his side between the second and third ribs and lodged in his lungs. Dr. Burke claims the man has a very poor chance for recovery.

Should the man live until morning the officers will attempt to get a statement from him. While the ex-convict's statements regarding the affair seem plausible the police have only his word for the facts and will make a thorough investigation. They claim Ragan has a bad record and that he might have been the robber in place of the victim though there is no explanation to the fact that the others fled from the scene of the shooting and have not turned up.

Ragan in the latter part of the 80's was sent to San Quentin from Fresno county for five years on a charge of forgery. He was released in a little over three years with credits. He was then sent to Prison for fifteen years for selling a horse and buggy in Marysville. Early this morning he admitted, after the police had the "dope" on him, that he had been sent up from Stockton under the name of Baker for burglary.

Ragan's ability to shoot the robber after the highwayman had the "dope" on him is explained by the fact that he is an expert gunman and was once a cowboy. Ragan claims he can shoot a cigar out of a man's mouth at a distance of thirty or forty feet.

After Ragan had made his statements, Sergeant Coyle and the patrolmen went to the room in the Star looking house and found a man asleep. He was taken to headquarters and told the same story as Ragan told regarding the early events in the evening. Of course, Buttermann could give the officers no information regarding the other part of the case.

He claims that he does not know the name of "The Kid," although he has been with him for the last week. Buttermann claims he always called him "Kid" because of his youthful appearance and because he had been refused beer in a saloon because he was too young. Buttermann claims he met "The Kid" in Stockton and that they "bummed" their way to Fresno.

Buttermann contradicted himself several times. At first he denied that he and "The Kid" had been in the tenderloin and begging from the inmates but when pressed by Detective Coelinghe he admitted that he and his friend had begged. Ragan had a brother-in-law residing on Blackstone avenue.

Patrick Fitzgerald reported to the police last night that he had been held up and robbed of \$39 in Chinatown. A Japanese reported that he had been held up and robbed at the end of the Sunnyside car line.

**GOVERNMENTS TO
INSPECT PLANTS**
WASHINGTON, Sept. 18.—After several months tour of diplomatic missionary work in the interest of American plant interests, Dr. L. O. Howard the government entomologist has returned to Washington. Dr. Howard conferred with the agricultural officials of Great Britain, Germany, France, Belgium and Holland. The principal result was that England, Belgium and Holland agreed to put into operation a system of government inspection of plants instead of having the inspection performed by their nurserymen. The latter, it was feared, would meet the expense by raising the prices to the American market. The French government is expected to adopt the government's inspection plan later. Germany has given no assurance.

**Our High Class
Guaranteed Work
Will Save Your Teeth**
Before you decide where you will have your dental work done let us tell you some things about our work and methods that may impress you.

In the first place we have the largest dental practice in the state which is due to the high class work we do and the guarantee of satisfaction that goes with it.

Teeth are extracted without pain. This is due in part to the modern, scientific methods we use and in part to the sympathetic care we use with our patients.

Our Alveolar method of replacing lost teeth will interest you. If there are two or more sound roots we build an entire set of artificial teeth into the mouth. These are entirely different from the old-fashioned false teeth.

These artificial teeth look like the natural teeth, they feel like them, and the user, they are just as satisfactory, and all who use them recommend them highly.

Our work is all first class. That is why we continue to enjoy such a large clientele.

Consultation costs nothing and we will be glad to make an examination of your teeth for you.

WARD Fresno street and disappeared in the subway. A third man, whom Ragan thinks that the shot started to run down H toward Mariposa. Ragan turned his gun on this fleeing figure in the darkness and shot twice. He claims that the man put his hand to his back, and thinks one of the bullets entered the human target.

Ragan stood his ground and started to shout for help. Patrolman Bradley with other officers reached the scene in a short time and Ragan turned his gun over to Bradley and was later taken to jail. A revolver was found in the hand of the wounded highwayman.

Patrolman Bradley at the time of the shooting was at the corner of H and Mariposa streets and had just placed two men under arrest for vagrancy. He was just starting toward the jail when the shots rang out. Bradley released his prisoners and started on a run down H street toward Fresno. Near the scene of the shooting Bradley encountered a man running his way. Bradley shouted for the man to halt but the man dived across the street and was soon lost in the lumber yards. Bradley started in pursuit but was attracted back to the scene of the shooting by Ragan's cries for police and help.

Ray Falkenstein, driver of the bus for the Grand Central and Edison hotels, was at the corner of H and Mariposa streets when the shooting took place. As he ran down the street toward Fresno he saw two men running away. They were Ragan's companion who escaped through the subway and the third man who went into the lumber yards. A thorough search of the lumber yards was made by Patrolman Bradley and no sign of the escaped man was found. No signs of blood were found so the police doubt that the man was shot.

The wounded man was removed to the emergency hospital where he was treated by Dr. Floyd Burke and later the bullets entered the man's forehead and lodged in the brain. The other entered his side between the second and third ribs and lodged in his lungs. Dr. Burke claims the man has a very poor chance for recovery.

Should the man live until morning the officers will attempt to get a statement from him. While the ex-convict's statements regarding the affair seem plausible the police have only his word for the facts and will make a thorough investigation. They claim Ragan has a bad record and that he might have been the robber in place of the victim though there is no explanation to the fact that the others fled from the scene of the shooting and have not turned up.

Ragan in the latter part of the 80's was sent to San Quentin from Fresno county for five years on a charge of forgery. He was released in a little over three years with credits. THAT HADLEY STORY

One of the most persistent of all the political myths is the story that the Taft leaders made an offer to Roosevelt at Chicago to compromise on Hadley, and that Roosevelt rejected it. The story would not be important, even if it were true. It would not be particularly significant that Barnes and Penrose, if they could not fust on the people and candidates whom the people had not chosen, would be willing to agree to fust on them another, whom also they had not chosen. It would not be particularly significant that the representatives of the other side, chosen by the people on the issue of popular choice, would refuse to enter into such an agreement. The issue was not which candidate the bosses of one side or both could impose on the people, but whether the people should have the right to do their own choosing and make their choice effective. And no proposals, or negotiations could or would have been opened by the Taft side, unless the Roosevelt leaders would agree, as an absolute condition precedent, first to prevent, by centralized power, the people from having their way. If both sides could agree first to eliminate the people, then on that basis, and on that basis only, an agreement might have been considered between the bosses as to what candidate they would substitute for the people's choice. And if that candidate were Roosevelt himself (as on that basis it might have been) it would have been defeat for the Roosevelt movement. For the Roosevelt principle was not that Roosevelt should be President, but that the people should rule. To nominate another candidate, by popular choice, would have been a Roosevelt victory. To nominate Roosevelt, by any unrepresentative bargain, would have been a Roosevelt defeat.

But it happens that the story is not true—or only so far true as is here related. No such proposition was made by the Taft leaders, or by any one professing the Taft side to Colonel Roosevelt, and no such proposition was at any time rejected by him. The only proposition ever made to Roosevelt was a proposition to nominate himself, but to do it by switching votes in the fraudulent convention, on the fraudulent roll. That proposition he did reject outright. "First purge the roll," he said, "and then nominate anybody the honest convention chooses." He expressed himself as entirely satisfied with any candidate (except of course, Taft) on whom an honest convention could agree, but he would not consent to the nomination of anyone, even himself, by the unpurged, or even by a partly purged convention.

The only basis for the Hadley story was a proposal made not to Roosevelt, but to Hadley. The Taft leaders were "bitching" Hadley, as they had already unsuccessfully tried to "string" Cummins and Borah. At least, Roosevelt did not believe, and Cummins and Borah did not believe, that these proposals were serious. The only person who seriously invited a compromise candidacy was La Follette, and the idea of offering it to him was at no time entertained on either side. Hadley, however, did take the proposal at least seriously enough to carry it to Colonel Roosevelt himself. He went to Roosevelt and related the overtures which had been made by the Taft people, but professed reluctance to accept, on the ground that he was in poor health and did not expect to live long, anyway, and that, if elected President, he would probably die in the White House. "Well," said Roosevelt, "it is worth even that, if you can get it." Colonel Roosevelt then went on to say that he himself did not "care a rap" about the nomination so long as it was given to a Progressive candidate by an honestly constituted convention. Hadley left without saying whether he would consider the proposal seriously or not. Evidently it was not repeated, or at least not pressed, as by that time the purpose of the reactionary leaders to force the nomination of Taft, and, as Murray Crane put it, to "both rule and ruin" was fixed.

A TEST OF PUBLICITY

One aspect of the magnificent Roosevelt reception in Los Angeles has an interesting bearing on the Los Angeles newspaper situation. There were perhaps 200,000 people, lining the route of a prearranged line of march. There were two meetings, one in the Temple Auditorium at an unusual hour, and the other in the Shrine Auditorium, an unusual, and rather inaccessible place. Both these meetings were the biggest ever held in Los Angeles, and more than twice as many people were storming the two great halls to get in as were already inside when the police closed the doors. Altogether, the population of Los Angeles was decidedly

aroused, and the biggest part of it that had ever got out to the masses was turned out for this case. It was circus day, but the circus was simply lost in the shuffle, so far as crowds and public attention were concerned.

Now, the point of all this is that the people of Los Angeles voted on some how what was going on, and where and when to go. And they got none of this information from the Los Angeles Times. That former monarch of the Southern California dailies suppresses most of this information, and hid the rest where it took an expert to find it. The Times, by its policy, deliberately courted a test of comparative efficiency as a medium of publicity and it got it.

Everybody knew, of course, that the Times had lost its influence. Nobody believes its word and nobody heeds its policies. But there was a tradition that it was at least essential as a medium of publicity. Publicity is not the same thing as influence. A bill board has no character and no influence, but it provides very useful publicity. The same thing is supposed to be true of even these newspapers which have no influence and worse than its character, as to their news and advertising columns. If a newspaper has readers, publicity in it is valuable. And the tradition in Los Angeles had been that Times publicity was not only valuable, but essential—that you could not get the town covered if you left out the Times.

Well, it was tried; not in the advertising, but the news columns. The omission of the Times to give the people the information in regard to the Roosevelt parade and meetings, did not prevent them from being the most conspicuous examples of successful publicity ever seen in Southern California. If the biggest department store in Los Angeles advertising seven dollar silk for seven cents, or five dollar men's hats for a nickel, had succeeded in attracting a crowd one-tenth the size, the store would have had to close its doors and call on the police to protect it from its own success. It was the best possible comparative test of the merits of the respective mediums of publicity, with the result visible to everybody.

From which the moral is that the Los Angeles Times has become as superfluous as a means of publicity, as it was already worse than useless, as a public influence.

NO MORAL RIGHT

It is a literal fact that the Taft electors have nowhere a moral right to go on the ballot at all. The source of such right as they may have is quite the reverse of moral. But it happens that in most states they do have the legal right to go on. They have the legal right, in California, to go on by petition—the only legal right the Roosevelt electors have in most states. They have not the legal right, in California, to go on by the act of a convention which was instructed by the voters not to put them on. The law of California leaves it to the voters at the primaries, and they have decided against Taft. The law of California gives the voters at the primary of our party the right to endorse the candidate of another party, if they like, and make him their party candidate. The voters, (and before the time of their control the conventions) have long and commonly exercised that right, uncontested. The Taft people, then, in failing to get their electors on by convention, are simply suffering the common fate of the side that can not get votes enough. They are deprived of no legal right, and their stolen nomination left them no moral rights to lose. They have left still the legal right to go on by petition, but their leaders at first announced that they were going, by inaction, to deprive them of that right.

Since that announcement, however, comes the word that Chairman Hillis, with the assistance of Adviser Barnes, has reached the conclusion that the Taft electors absolutely must go on the ballot. That settles the thing; for the Taft forces in California, while they do not recognize the authority of the law of California, do recognize the authority of the national committee.

It is a good thing that Taft has no rights, in his stolen nomination, and the Taft electors have no rights, and the Taft voters do have rights, and this decision secures them in those rights. Their votes, few as they may be, are their own, and they have never farmed them out to a few self-appointed bosses to deliver them elsewhere. These men want to vote for Taft; not for Wilson. Or, if any of them do wish to vote for Wilson, they desire to vote for their own choosing and their own voting, and not to be merely passively delivered.

Chairman Hillis' motive is of course a stubborn determination to keep up the pretense that Taft is still in the running. The California Taft leaders' policy was of course based on the frank confession that he is out of the running. They confess it, still, and the old machine leaders are going to vote for Wilson. But with all the electoral tickets on the ballot, their followers will be left still free to vote for Taft, or for Wilson, or for Roosevelt, or to stay at home as they may individually choose.

The ruction has at least served one purpose. It has made it perfectly clear to everybody that the question whether the Taft electors should be on the ballot was an absolutely in the control of the Taft managers. If the electors had been left off, the resentment should and would have been directed against the state managers. Now that they are to be put on, the responsibility for that is assumed by the national managers. The whole question was and is inside the Taft camp, and the attempt to put the onus on the Roosevelt managers was all bluff. All the Roosevelt managers did was to accept the law, which left the whole matter to the people, and then to abide by the result of the vote. The Taft managers, for that matter, did the same thing, with the two exceptions that they got beaten, and that they are not willing to abide by the result of the vote.

HOME RULE TAXATION

Initiative Measure Submitted Directly to the Electors.

Electors of the State of California presented to the secretary of state this petition, asking that the proposed constitutional amendment hereinafter set forth be submitted to the electors of the State of California for their approval or rejection:

Proposition to amend article XIII of the constitution of the State of California, by the addition of a new section to said article, to be designated and numbered as section 1-2 of said article, relating to taxation by counties, cities and counties, cities, towns, districts and townships.

The people of the State of California, Article XIII of the constitution of the State of California is hereby amended by inserting therein a new section, to be designated and numbered as section 1-2 of said article, to read as follows:

PROPOSED LAW.
Section 1-2. Any county, city and county, city, town, district or township in this state is hereby empowered to raise revenues for its local purposes and to provide for the time or times of collecting taxes for such purposes in such manner as it may determine, by ordinance or resolution, adopted by a majority vote of the qualified electors thereof, voting thereon at an election held on the question of establishing a new revenue system, or of altering or amending any system of taxation now or hereinafter existing for raising such local revenue. Such proposed system or amendment thereof may be submitted at any general or special election held in such county, city and county, city, town, district or township, by initiative petition as provided by law or by resolution of the legislative body of such county or other political subdivision above enumerated.

Property may be classified for the purposes of taxation or exemption from taxes, and taxes or exemption therefrom shall be uniform for all property of such of such classes, provided, that no tax for any local purpose, except for payment of the principal and interest of any bonded indebtedness created and outstanding by any such county, city and county, city, town, township or district, prior to the 8th day of November, 1910, shall be levied on any property set aside for purposes of taxation for state revenue, nor shall any such tax be levied upon any property exempt from local taxation by this constitution or by the constitution or laws of the United States.

ARGUMENT FOR HOME RULE IN TAXATION—REASONS WHY CONSTITUTIONAL AMENDMENT RELATING TO TAXATION (KNOWN AS THE HOME RULE IN TAXATION AMENDMENT), SHOULD BE ADOPTED.

This amendment is an enabling act, by which the city or county may change the present unsatisfactory mode of taxation and inaugurate a better system but this cannot be done even locally without education, and a final affirmative vote of the people of the city or county. There is no interference with the operation of the state system of revenue, nor with the present system locally, except as the locality shall determine.

At the present time most of the state revenue is derived from a gross income tax on corporations; the revenues of the counties, cities, towns and districts are mainly derived from a tax on the value of land, improvements and personal property.

Formerly state revenue was derived mainly from a "general property tax," but in 1910 that system was discarded as a means of raising state revenue, except when other sources of income prove insufficient.

Some of the reasons for this change are stated in the report of the tax commission for 1906, page 8:

"The present system of taxation does not meet the demands made upon it. It is antiquated, having been adopted fifty years ago, and has not been revised to keep pace with modern conditions.

It is full of inequalities, which impose a burden, which only the vigor and inexhaustible energy of our people can carry.

"It is a 'school for perjury' puts a penalty on honesty, and pays high premiums for dishonesty."

INJUSTICE OF PRESENT SYSTEM

Professor Seligman of Columbia University says: "The general property tax as actually administered in this country is beyond doubt one of the worst taxes in the civilized world. It is flagrantly inequitable and its retention can be explained only through ignorance and inertia."

E. A. Dorthick, master of the State of Ohio, at a meeting of the National Tax Reform Association, said: "For two generations the farmers of the United States have in a large majority cherished the belief that a uniform rate upon all property at its true value in money was the highest conception of fairness and justice between man and man. It sounds fair but all experience and history prove that its fairness begins and ends in sound. It is false economically, for it attempts to tax representative property at the same rate as the things for which it stands. This results in gross injustice to the owners of visible property, who, not being able to conceal their wealth, must pay any legal tax levied upon it."

It must necessarily follow that if the "general property tax" as a source of state revenue is unjust, inequitable, conducive to fraud and perjury, it is likewise unjust as a source of revenue

arrive at what is best. Some county or some city will develop a system that is to its advantage, and then others will copy.

Some objectors may say that the tax system of the counties and cities should be established by the legislature and not by themselves. This is in violation of the principle of home rule for cities and counties now engrafted in the constitution. That principle, as stated by our supreme court, is substantial; that the people of a given locality know their own needs and wishes better than does the state at large. A system adopted by the legislature might work to the benefit of the cities and to the injury of the country district or vice versa.

Dr. Washington Dodge, assessor of San Francisco, in an address before the State Assessors' Association on this subject, says: "The state legislature

Fresno Fashion Show

September 23 and 24

FRESNO'S second annual Fashion Show will be held on Monday and Tuesday, September 23 and 24. On these two days the styles that have been gathered from the fashion centers of the nations will be temptingly and attractively displayed in the stores and show windows of 37 participating firms.

Extravagantly beautiful creations by artists of world-wide fame will be revealed to the sight-seeing throngs who will gather from all parts of the San Joaquin Valley to view the splendid array of fashions that is being prepared for them. It is an event to be looked forward to with happy anticipation.

FOR weeks and months the merchants have been preparing for this event. For weeks and months buyers have been scouring the fashion marts of the world and have brought back with them lavishly beautiful gowns, superb millinery creations and many other articles to delight the eyes of followers of fashion.

There are just two days in which to see it all, just two days in which to visit the 37 firms participating. There are just two days in which to see the myriads of beautiful articles that will be displayed for you to admire. Living models will be employed to the better display wearing apparel. Plan to come.

The Following Stores Will Participate:

Kutner Goldstein Co., Department Store, 1137 I St. and 1701 Mariposa.
E. Gottschalk & Co., Inc., Department Store, J and Tulare Sts.

CITY FREE MARKET OPENS SATURDAY MORNING

Mayor Snow Anticipates
Starting of Project
as Experiment

First Come to Be First As-
signed to Station at the
Court House Park

The city free market will be opened for business experimentally next Saturday morning at 8 o'clock, continuing that day until noon hour before which time the farmers are expected to have sold out.

the market will be open on Tuesdays, Thursdays and Saturdays. "It's up now to the farming people who want to sell to come into town on Saturday morning to dispose of their products to the consumer, and being there for the people who want to buy to come also. Upon both classes will depend the success of the experiment of the free city market," said Mayor Snow.

The mayor invites every one who has vegetables, fruit, chickens, eggs, butter, cheese, garden truck and farm and dairy produce generally to sell in the market on Saturday morning and be assigned a place. Mayor Snow says he will be in attendance with his camera to snap shot the first camera and no doubt, says he, others with cameras will be there also to photograph the pioneer vendue of Fresno's city free market and so help along the cause of publicity.

"For the present," said the mayor, "the free market will be conducted in an experimental way and will be opened in a small way to familiarize it as a new feature both as regards the seller and the buyer. I do not expect to make a start with a rush but in thinking the matter over I concluded that with the next meeting of the board three weeks off this was too long a delay and I could see no reason against making the start experimentally. In behalf of the city, I extend an invitation to the small farmers to come into town with their produce and I feel certain that the townpeople will be there to buy them out."

The only present restriction at the city free market will be against the sale of hay. During the temporary regime no stock will be charged vendors or hucksters. The police chief will detail a patrolman who will be on hand at the market at 8 o'clock on Saturday morning and assign hucksters to places in the order that they come, the first one at K and Fresno streets and then in succession in an orderly line side by side to M street on the Fresno street side of the courthouse park. On either side of the trough at L street the space will be kept open so that the public may have unobstructed access to the watering troughs for animals.

TO CLEAN UP REFUSE.

The policeman on duty will not only assign the hucksters' wagons to places but will have general charge of the market activities. Every seller is expected after he has closed out his sales to gather up the litter and vegetable leaves and the refuse and Street Superintendent Thorne has engaged after the market closing hour to sweep up and place things in order so that no nuisance may be created. The wagons will be backed in facing horses outward near between the wagon tail boards and the chain line enclosing the park an open avenue will be left for the public.

MARKET DAYS.

Market days will be on Saturday from 8 a. m. until noon and on Tuesdays and Thursdays from 8 to 10-30 a. m., and the above general regulations will obtain until an ordinance is passed prescribing the fixed regulations when the market shall have been established as a permanent feature of the city.

SECURE MUCH STOCK FOR NEW RAISIN COMPANY

\$10,800 Is Subscribed in
Town of Kingsburg
and Vicinity

Much Success Is Reported
From Other Towns
in County

Approximately \$10,800 has been subscribed in Kingsburg and vicinity, for the Million Dollar Raisin Company, according to word received at the office of the California Raisin Exchange yesterday. Subscribers for stock were in the field Monday, Tuesday and Wednesday, and in that time secured \$4,800. Approximately \$6,000 was secured before these people went into the field.

Mayor C. F. Wilson of Kingsburg, with E. F. Helm of the Raisin Exchange and others, will start out today to continue the canvass of the district and expects to be able to add several thousand dollars more to the list.

A. J. Sayre, one of the largest raisin growers in Madera county and a director of the old Raisin Growers' Association, has subscribed for \$500 worth of stock in the company and in a statement given out at the time he made his subscription, urged the growers to assist this company, believing that the plan will bring success and better conditions.

A meeting of the growers will be held at the Chamber of Commerce hall in Madera next Friday night, for the purpose of discussing the Raisin Exchange and the Million Dollar Company. J. M. Palek is working in the northern county in the interests of the two propositions.

The following letter has been sent out by the Raisin Exchange to volunteers, urging them to each get 30 shares of stock, making 3,000 in all, so that the Million Dollar Company can incorporate and elect directors.

Fresno, Cal., Sept. 17, 1912.

Dear Sir—

We are inclosing subscription agreement and ask you to help us get subscriptions for 3,000 shares in the new MILLION DOLLAR RAISIN COMPANY. By the time we get our first meeting, it has been decided that this work shall be taken up by volunteers in the different districts, and also that the company shall not be incorporated, nor directors elected until \$250,000 is subscribed. No doubt you can get subscriptions for part of the 3,000 shares necessary, and if we can interest a "HUNDRED VOLUNTEERS," and if each one averages thirty shares, the job will be done.

I. G. Maxson of Sanger, telephoned us last night that he had taken subscriptions yesterday for forty-three shares, though that was his first day. T. H. Jack reports that they took subscriptions for thirty-six shares at Reedley and Parlier Saturday evening. Without having the list, I understand that Mr. C. A. Farrier, from Saturday evening to Monday afternoon, took over one hundred and forty shares of stock. James Madison, a large grower at Reedley, raised his subscription from \$4,000 on a former paper to \$5,000 on this, and said that when any others were ready to sign \$10,000 each, he would raise to \$10,000, and also said that the new voting trust plan was all right.

It is evident we have struck the right key-note to interest all classes, and now that the voting trust safeguards the rights of growers, a little earnest work by everybody, everywhere, will soon get the \$250,000 subscribed.

Very truly yours,

CALIFORNIA RAISIN EXCHANGE.
By W. R. Nutting, Manager.

UNCLE SAM WARNS CENTRAL AMERICA

General Peace Must Be Preserved Is Policy of Our Government

WASHINGTON, Sept. 17.—The policy of the U. S. in its relation to the revolution of our neighbors in Central America and West Indies is defined in an instruction from the State Department embodied in a note presented by Minister Weltzel to the Nicaraguan government the text of which was made public today by Acting Secretary of State Wilson.

The communication is expected to create a profound sensation in Latin America for which while it was addressed to Nicaragua it will be recognized as a general warning.

America's purpose the instruction declares, is to foster true constitutional government and true elections and to this end strong moral support will be given established governments against revolutionary movements, upon the selfish designs of would-be despots and not upon any principle or popular demand. Force will be used, if necessary, in maintaining free communication with and to protect American ministries and legations.

This policy has already been adopted in San Domingo, Panama and Honduras.

Minister Weltzel was directed to present his instruction officially to the Nicaraguan government and unofficially to the revolutionists in that country and to make it public as an authorized declaration of policy. The instruction at one place says:

"Under the Washington convention this country has a moral mandate to exert its influence for the preservation of the general peace of Central America which is seriously menaced by the present uprising and to this end all the Central American republics will find means of valuable cooperation."

SAYS NOGI'S SUICIDE WAS GREAT MISTAKE

SAN FRANCISCO, Sept. 17.—How the suicide of Count Nogi and his wife appears to modern Japanese was told today by Toyokichi Iyenaga, whose card reads "Instructor at the University of Chicago," on his arrival from Japan and in Tokyo Maru.

"Nogi's act," he said, "if done by an example of patriotism and devotion was a mistake. It marred the glorious sunset of the emperor's life. The emperor, it was, who brought the Japanese people out of the shades of superstition into enlightenment. Nogi was one of the very last of his kind."

NEW BATTLESHIP READY

PHILADELPHIA, Sept. 17.—Another great warship was put into the service of the government at the Philadelphia navy yard today when the battleship Arkansas was placed in commission with the usual simple ceremony. The officers and men assigned to the ship were drawn up on deck while the orders of the navy department were read, placing Captain H. C. Smith in command.

ANOTHER CARLOAD OF 1913 BUICKS Will Arrive About Sept. 25

Another carload of the ever-popular Buicks is on the way, and will arrive in about a week. This car will contain four models, the 24, 25, 30 and 31. It will make an exhibit of Buicks that will be very interesting. The demand for Buicks is so great that they are hard to obtain, and in securing this carload at this time we are very fortunate.

You are invited to see this carload of the new models. We will be pleased to show you the many points of superiority that these new Buicks possess.

Car Will Contain Models 24, 25, 30, 31

MODEL 24 Is a two-passenger roadster \$1060 type with standard equipment throughout. It also has self-starter and is a dependable little car, just the machine for the busy man. It is made to go fast, stand abuse, and give service. It has all of the Buick features that have been proven to be so correct in the past.

MODEL 30 Is another roadster of the two-passenger type. It is handsomely painted, upholstered in an extra fine quality of black leather, and all bright parts are heavily nickel-plated. It has standard equipment throughout and all of the features that have made the Buick such a famous and popular automobile. All of the 1913 refinements and improvements make Model 30 an exceptionally fine roadster.

MODEL 25 Buick is also fully equipped \$1185 with standard equipment that includes nickel trimmed lamps, horn, tire irons, scuff plates, robe rail, complete set of tools, high grade mohair top, dust hood, Prest-O-Lite tank, and new style clear vision wind shield. It is a beautiful 5-passenger touring car.

MODEL 31 Is a very roomy fore-door touring type, five-passenger model \$1435 with the sides flush and smooth and a 47-inch rear seat. It is a beautiful machine beautifully finished, the body, hood and wheels being Buick blue; chassis and fenders blue-black, or body and hood gray. Wheels gray. Combination oil and electric lamps, storage battery. Fully equipped. A very fine automobile in every way.

These Prices Are F. O. B. Fresno, Fully Equipped

The Lockwood System of Dentistry Without Pain

LECTURE No. 37.

The great popularity of MY system of dentistry WITHOUT pain is due to the fact that people have found that there really is a dentist who can operate on sensitive teeth and NOT HURT.

It is such an improvement on the crude, rough methods usually adopted by dentists that people are delighted and tell their friends.

The high standard of excellence which prevails in MY SYSTEM insures to the patient that anything they have done will be the best known to dental science. My experience of twenty years is a guarantee that they will not be subjected to the experiments that younger dentists are apt to make. I make no charge for an examination or estimate. My prices are moderate.

AZTEC PORTRAYAL PLEASANTLY GREETED

Mary Pickford, Biograph Star in 'Pueblo Legend'—Fresno Photo Theater.

It is often that of a young picture-dealer with war-whispering tentacles, feathers, blankets, and Apaches, will make much of an impression these days.

To us, who live in the far west, all the ridiculous features and long hair make us weary. But, get as with this "Pueblo Legend" tale. It is all so realistic, just as though our bodies and souls were literally yanked back to almost the prehistoric days. To me, as I sat enraptured, soothed and fired with mythic legends in films, it seemed as though I were a part of the life of those aborigines.

The Pueblos were real, the weapons, the costumes, everything was Aztec. We Westerners know the real thing.

The Aztecs habitually were mighty close to California, and if there were any "Aztecs" we would see it with half an eye.

Even with the battle climaxes, the love story is intensely human. It is accordingly a wonderfully rounded whole, characterized by a full expression of the different elements of art and drama.

The fading and twilight scenes, marking Taca's journey in search of the sky-stone, surely give a gentle thrill to the earnest spectator. As a strong contrast, and for those who delight in thrilling and exciting adventures, this two-act play is replete with battles between the Aztec braves and the Apaches.

and a dwelling house erected thereon in the name of the wife to defraud them by permitting the first named property to be foreclosed under the mortgage.

The charge is also made that William, the defendant, is old, physically weak and so easily susceptible to persuasion that he has been induced by his wife in a large measure to encumber the first property and purchase the other in her name. The plaintiffs assert that the Fresno tract lots were bought with the money obtained on the life estate encumbered property, and that to comply with the agreement it was never necessary to borrow more than \$1000 to pay the mortgage, wherefore their equity claim to the additional \$3000 is asserted.

PROPERTY DISPUTE DIVIDES FAMILY

Williams Heirs Sue Brother,
Alleging Fraud in
Mortgage

Disputing over property conditionally left them by their mother, and charging fraud on the part of one brother who is alleged to be under the dominion of his wife, brothers and sisters are the parties interested in the suit commenced yesterday by J. L. H. M. and J. H. Williams, Mrs. L. A. Downer and Lulu M. Christiansen against John Z. Williams and wife, Alice.

Judgment is asked that in property in section 16-15-22 he has only a life interest, that they collectively hold the remainder after such life estate, that the wife has no interest whatever, and that \$3000 procured by mortgage over and above \$1000 was fraudulently obtained and injected by the Williams defendants against the plaintiffs rights in Wilson Fresno tract property and that therefore they have an equity for that amount.

The plaintiffs claim the remainder interest in the section 16 property under bequest from their mother, Lydia Williams, subject to the life estate and the lien of mortgage for \$1000 at the time of her death in December, 1908. None of the interested were then able financially to remove the mortgage lien but to save the life estate a new mortgage was taken out only to pay off the original, as they say. Under agreement of January 17, 1910, deal of all interests was made to Williams, he to hold for them in trust so that he might have record title to secure the loan and for no other purpose.

Williams has married since that deal, and now, assert the plaintiffs, he claims to be owner of the property in entirety, having after payment of the first mortgage taken another for \$1200 also paid off, and further mortgaged for \$5,000 in May last for three years at 6 per cent. It is charged that out of this \$5,000 the lots in Williams North Fresno tract were bought

NITRO CLUB Steel Lined SHOT SHELLS

They're the Speed Shells—
Speedier than the Swiftest Flying Duck.

In Remington-UMC Nitro Club Shells, the powder charge is gripped in steel. This gives the exact compression needed to put all the drive of the explosion behind the load—to send it quickest to the mark.

And Eastern Factory loading gives 100% of speed—unequalled uniformity of pattern in each and every shell.

Shoot Remington-UMC Arrow and Nitro Club Steel Lined Eastern Factory Loaded Shells for speed plus pattern in any make of shotgun.

News From Central California

BRYAN WILL SPEAK IN HANFORD ON TUESDAY

Democrats Are Making Big Preparations; Possibly Stores May Close

HANFORD, Sept. 18.—The Kings county Democratic Central Committee is making elaborate plans to advertise the coming of the great orator, William Jennings Bryan Tuesday, for and wide, in the hope of bringing as many within the hearing of his voice as may be gathered together. The plans are in the embryo at present but either the Ashby theater or Hanford opera house will be secured for none. Bryan will arrive here at 7:10 a. m. and speak between 8 and 9 o'clock after breakfasting. An attempt will be made to have the merchants close their stores for an hour during the visit and if possible the picking houses will be closed.

SANGER NEWS NOTES

SANGER, Sept. 18.—Rev. Hughes, pastor of the M. E. church of Del Rey resigned his charge last Sunday evening. He leaves this week for Los Angeles where he expects to continue preaching while also being the opportunity to go to school. Capt. Carroll captain of the Fresno county Salvation Army will preach at the church for several weeks. The church has not yet called another pastor.

Property owners and those desiring to rent houses in Sanger find none available. This indicates active business conditions in the town. The Sanger Chamber of Commerce is preparing a fine exhibit to be shown at the Fresno County Fair.

The Miller-Dollar Radio corporation is getting a large number of subscribers around Sanger. Over \$8000 was raised in the first two days of this week.

A spirited class scramble occurred at the high school campus at the noon recess today when the upper classmen began insulting the freshmen.

FOR STATE HIGHWAY

Merced County Also Agrees to Pay for Bridges Over 20 Feet Long

MERCED, Sept. 18.—The supervisors of Merced county today adopted a resolution pledging to the state highway commission all necessary rights of way for the state highway through this county. The board also resolved today to pay for all bridges along the route which are more than twenty feet in length. Today's action was in response to a communication received from the highway commission some time ago in which the county was asked to furnish rights of way and pay for all large bridges.

NAME COMMITTEES FOR CELEBRATION

Porterville Day Plans Perfected and Program is Being Arranged for Big Event of October 22

PORTERVILLE, Sept. 18.—W. L. Crowe, the local realty dealer, was named as the chairman of the general committee to take charge of the Porterville Day celebration which was to be held here October 22nd, and with him on that committee are H. C. Carr, banker, and J. W. Thomas, merchant, and president of the Chamber of Commerce.

Sub-committees have been chosen including advertising: Robert A. Mack, chairman; Leslie McAuliffe, J. Frank Wright; field sports: E. J. Broberg; pushmobile races: R. J. Wigley; baseball: T. C. Calabrese and Elmus Parsons; parade: W. E. Prema; C. D. Walker and Henry Court; barbecue: F. W. Velle, Harry Kuhn and Henry Dunning; Archery: Storie; minstrel show to be held in the evening: Will Schortman, motorcycle races.

Elaborate preparations are being made to have a continuous round of entertainment from 9 in the morning until midnight, and advertising for the big celebration will commence at once.

SECRETARY OF WAR FINISHES CAMPING

Visits Merced After Three Weeks in High Sierras and Goes to San Francisco and Coast Points

MERCED, Sept. 18.—Secretary of War Stimson came out of the Yosemite Valley today and spent half an hour in Merced, before departing for San Francisco in his private car. Secretary Stimson has been camping and "roughing it" in the high Sierras between the Yosemite Valley and Lake Tahoe for the past three weeks.

FUND IS CREATED FOR CO. LIBRARY

MERCED, Sept. 18.—The supervisors today made an appropriation of \$12,000 for the Merced Library system. This is \$2,000 more than was given the libraries last year. The increase is due to the fact that new branch libraries have been established during the past year, and to the further fact that it is planned to keep the libraries open on Sunday afternoons hereafter.

PHILLIPS CLINGS YIELD GOOD CROP

PORTERVILLE, Sept. 18.—Alex Watts, the proprietor of the Watts granite quarries east of this city, has reported the harvest of peaches from his two and one-half acre orchard of young trees. Watts states that from this number of Phillips Clings he harvested 15 tons of fruit which he sold at \$25 per ton. As far as is reported this is the best tonnage of the district this year.

MODESTO, Sept. 18.—Joseph Gehring, who lives near Turlock has sued the irrigation district for \$1,000 damages, charging gross negligence in the care of the canals causing a break and damaging his crop of alfalfa in the sum prayed for.

PORTERVILLE, Sept. 18.—Alex Watts, the proprietor of the Watts granite quarries east of this city, has reported the harvest of peaches from his two and one-half acre orchard of young trees. Watts states that from this number of Phillips Clings he harvested 15 tons of fruit which he sold at \$25 per ton. As far as is reported this is the best tonnage of the district this year.

MODESTO, Sept. 18.—Joseph Gehring, who lives near Turlock has sued the irrigation district for \$1,000 damages, charging gross negligence in the care of the canals causing a break and damaging his crop of alfalfa in the sum prayed for.

News From Central California

FINAL ARRANGEMENTS BEING MADE FOR FAIR

Modesto Association to Begin Monday on Buildings; Program Perfected

MODESTO, Sept. 18.—Work will commence the first part of next week on the stables, shops and extra exhibit pavilions for the Stanislaus County Agricultural Livestock and Dairy Exposition, which will take place in this city October 3, 4 and 5.

The meeting of the fair association yesterday afternoon was an interesting one, and Secretary Bassett reported the receipt of many applications for exhibit space and entries for livestock, poultry and produce.

The building committee have taken up the matter of exhibits and already reservations have been made for displays from the Tulare Irrigation district and the Oatdale Irrigation district.

The Chamber of Commerce and Merchants' Association have outlined plans for two big street parades, and have set a festival for the opening day of the exposition. It is planned to have the first parade an industrial parade in which lavishly prizes will be offered for the best floats of many varieties. The automobile parade will be a feature for automobiles and silver cups will be awarded for the best, most attractive and most uniquely decorated machines in the line.

Secretary Bassett of the fair association made a trip to the state fair last

RANCHER AT SANGER RAISES MUSKMELON WHICH IS MONSTER

SANGER, Sept. 18.—E. W. Moore, a rancher near here, has a muskmelon that is now 28 inches long and 10 inches in thickness, and is still growing. It is thought it will be an average size when it stops growing.

DRYS IN MAJORITY ON VOTE RECOUNT

Allowing All Contested Ballots to Stand in Modesto, the Drys Would Have Majority of 13

MODESTO, Sept. 18.—The outcome of Modesto's vote recount has been decided. Yesterday, after all protested votes were taken out ready for argument on their legality, it was discovered that should the court rule them invalid, the "dry" would still have a majority of 13. The suit was brought by George K. Pike, owner of the Mint saloon, for a recount. The court ruled in favor of the recount, and there were enough protested votes to have the effect desired by the saloon men. The suit has been dismissed.

Monday and interested many stock and industrial exhibitors there in the county fair here, and it is expected that many will attend the Stanislaus county fair.

DECIDES TO PLEAD GUILTY TO CHARGE

Harry Freugh, Who Eloped to Madrid With Exeter Girl, Will Be Sentenced Friday for His Crime

VISALIA, Sept. 18.—Harry Freugh, who eloped to Madrid, Spain, last week with a girl from Exeter, has decided to plead guilty and yesterday was taken before Judge Wallace and will be sentenced Friday.

Freugh first came into the jurisdiction through a check to a reporter on a train and requesting that a train be kept out of the city. When asked why he stated that he wanted to see the girl. He was taken to the jail, where he was held only 17. It appeared later that the girl was only 17. He wished to marry her and that understanding being reached, Freugh of Exeter, took getting him from every place he tried to get work because of his attention toward the girl.

He never got the money, but was a couple of weeks later arrested in Madrid and taken to the jail here. It appeared that he was guilty of attempting to abduct the girl for the purpose of selling her into white slavery. The abduction charge was filed against him through the girl's stepfather. Later this charge was withdrawn and one of child stealing was substituted. His preliminary hearing was held last Friday in Exeter, at which time the girl refused to testify against him, as she had done from the first. He was bound over to the Superior court and yesterday he decided to plead guilty and have it over with.

The sentence that can be imposed on him ranges from one to twenty years.

PORTABLE SCHOOLS IS NEWEST PLAN OF PORTERVILLE BOARD

PORTERVILLE, Sept. 18.—The school board here has decided to purchase portable schools for the purpose of providing for the children of the transient population. The board has decided to purchase two portable schools, each of which will contain 20 desks. The schools will be used for the purpose of providing for the children of the transient population. The board has decided to purchase two portable schools, each of which will contain 20 desks. The schools will be used for the purpose of providing for the children of the transient population.

CARPENTERS WILL TRY TO ORGANIZE

Meeting to Be Held for Purpose in Visalia Saturday; Vickers Will Be Present From Fresno

VISALIA, Sept. 18.—A Saturday morning meeting will be held here when T. C. Vickers, manager of the Fresno Carpenters' Union, and W. A. Brown, president of the Carpenters' Union, will be present. The meeting will be held for the purpose of organizing the Carpenters' Union in Visalia.

WILLIAM J. BRYAN TO TALK IN MODESTO

MODESTO, Sept. 18.—William Jennings Bryan, the peerless leader of the Democracy, is to speak in Modesto during his tour of the West next month. It was announced yesterday by T. J. Wicks, chairman of the county central committee, that arrangements had been made for Bryan to speak here. Bryan will speak at 8 o'clock and will be accompanied by a large number of machines.

MADERA IS LOWEST IN RATE OF TAXES

MADERA, Sept. 18.—The board of supervisors have fixed the tax rate for the current fiscal year for \$1.57 outside and \$1.15 inside incorporated cities.

Compared with neighboring counties the rate is very low and when the fact is considered that the assessment is lower here than in other counties, it will be seen that taxpayers in Madera are particularly fortunate in the matter of rates. In Fresno county which approaches nearest to Madera's rate than any other county, the rate is \$1.65 outside and \$1.15 inside incorporated cities. In Tulare county the rate is \$1.75 and in Merced county \$2.

HORTICULTURIST TO SPEAK IN HANFORD

HANFORD, Sept. 18.—Horticultural Commissioner H. V. Sharp of Kings county is widely advertising the intended visit of State Horticultural Commissioner A. J. Cook which is set for Friday afternoon.

Cook will speak in Hanford Friday afternoon and a good turnout of farmers will probably greet him. His subject has not been announced.

CHARGES DETECTIVES WITH DOCTORING BEER

Sensational Allegation Is Made in Hanford Liquor Case Against Women

HANFORD, Sept. 18.—At the partially completed preliminary examination of Rose Devere, proprietor of a disorderly house in Hanford, today, it was made plainly evident through the line of attack adopted by Miss Devere's attorneys, J. E. Pryor, H. P. Brown and H. S. Jacobs, that she and two other women of similar type accused of selling liquor in their resorts in violation of the Wyllie local option law, intended to fight every step of the way, and the hitherto easy pathway of the prosecution on which eight of the male offenders pleaded guilty is strewn with obstacles.

Accusing Detectives Kane and Costanzo, employed by Sheriff Farmer and District Attorney Swin to run down the violations here, of conspiring in their methods of gathering "dope" on the women.

Attorney Pryor intimated that the women sold the detectives near beer, and that they had subsequently doctored it by adding alcohol to it.

The detectives testified that they had gone to the place conducted by Miss Devere, and after drinking one round of drinks, they took the next, and Costanzo, one of the detectives, held the beer in his mouth until he had gone outside and there he had deposited it from his mouth to an empty whisky flask.

Pryor questioned the chemical contents of the exhibit, and intimated strongly that it had been doctored. The prosecution introduced the testimony of Chemist Twining, of Fresno, late in the afternoon, but the case was still in the balance and will occupy a part of tomorrow at least in Justice Meadows' court.

CHILD IN HUGHSON SWALLOWS POISON

Accidentally Takes Dose of Sulphate of Zinc; Visiting Doctor Saves Its Life; News Happenings

HUGHSON, Sept. 18.—Yesterday the 15-month-old child of Mr. and Mrs. Raymond Oswain accidentally swallowed some sulphate of zinc and was so badly poisoned that the father rushed out for a doctor. Dr. Skinner, our only physician, was absent, but Dr. Parrish, who was here on a visit, went to the help of the child and succeeded in saving it. At last accounts the child was doing well and will recover.

Dr. W. H. Parrish, of Bowman, Calif., spent two days with the Hughson people and was so highly pleased with the outlook of this region that he promises to return and locate permanently with us.

E. F. Sawley, who came from Denver six months ago and invested in a 20-acre home, is now with J. V. Date, looking after the real estate end of Mr. Date's business.

The Baptist Young People of Hughson are planning to go in a body to Modesto tomorrow evening to join with the young people of the Central Association in an annual B. Y. P. C. rally. This rally will close with the annual banquet in the basement dining hall of the First Baptist church and our people are looking forward to a real feast of good things.

FRESNO COUNTY WINS FIRST PRIZE AT THE STATE FAIR IN SACRAMENTO

Judges Complete Work and Praise Exhibit From Raisin Belt; Award Carries Blue Ribbon and \$600; Merced County Is First in Class B

CLASS A WINNERS
Fresno county, first prize, \$600; Sonoma, second, \$400; Alameda, third, \$250; Merced, fourth, \$200; Colusa, fifth, \$150; Butte, sixth, \$100; Shasta, seventh, \$75; Nevada, eighth, \$50.

CLASS B WINNERS
Merced county, first, \$100; San Joaquin, second, \$75; Glenn, third, \$50.

JUDGES
Robert Newton Lynch of San Francisco, P. F. Wood of Los Angeles and Frank B. McKevitt of Sacramento.

Fresno county's exhibit at the state fair in Sacramento was yesterday given first prize by the judges. The award carries with it a cash prize of \$600, also the blue ribbon, which stamps this county as having the best all-around display of the agricultural pavilion. Last year Fresno took second prize, Alameda getting the highest award. This year, Alameda finished third and Fresno captured first honors in Class A, in Class B, for the best exhibit exclusively of farm products. Merced county won the prize of \$100.

According to C. I. Pulliam, who returned last night from Sacramento, the state fair was bigger and better than ever before and Fresno had the best exhibit in the agricultural pavilion. Pulliam praised William Robertson, secretary of the Chamber of Commerce, and J. M. Swift, assistant secretary, for their hard work in gathering material and arranging it in an attractive display. Pulliam is secretary of the Fresno Fair Association.

For three weeks before the state fair opened, Robertson and Swift visited the agricultural districts of the county and obtained several tons of material for the special exhibit. Swift went to Sacramento first and received the material, which was prepared for shipment here by Robertson. He returned to Fresno and the display ready but their efforts were rewarded yesterday by the highest honors that can be conferred by the judges at the annual state fair. Much credit for the attractive display is due W. M. Hushaw, a local widow dresser, who went to Sacramento with Swift and assisted in building the booth.

MRS. ECCLESTON URGES SUIT FOR DAMAGES

Action for \$25,000 Against Husband's Brother Begins in Oakland

(Special to The Republican.)
SAN FRANCISCO, Sept. 18. — Mrs. Maudie Johnson Eccleston in Judge Harris' court in Oakland, today commenced the trial of her suit against Charles Eccleston for \$25,000 damages for separating her from her husband, Louis R. Eccleston, a Fresno business man. She testified today: "My husband was the greatest husband that ever was. He was as loving and sweet as a man could be to me. But when he returned from a visit to his brother Charles, he told me that he no longer loved me."

The case probably will go to the jury on Friday.

Mrs. Eccleston secured a divorce in Fresno on the grounds of cruelty.

GEORGE L. WARLOW COMES NEAR BEING LEFT OFF BALLOT

Rushes From Sacramento to File Expense Account; Arrives 10 P. M.

George L. Warlow, candidate for superior judge, will be on the general election ballot in November, only because of the foresight of friends of his in this city.

According to the state election law, yesterday was the last day in which to file statements of expenses by candidates. Warlow was in Sacramento attending the state fair and forgot all about making any statements.

Friends in this city realizing that he had not filed his expense account, communicated with him by telephone at Sacramento yesterday morning and immediately he sent a telegram to the county clerk asking him to have some one in the office about 10 o'clock last night. Registrar Tulley was in the office at the appointed time and Warlow's papers were filed. Had he waited until today his name could not have been on the ballot.

W. A. Sutherland and L. H. Cary of Reedley, candidates for the assembly, were two other men who barely got in under the wire with their expense accounts. The law provides that they shall file with the secretary of state. Neither realized this until yesterday, and as a result there was a scramble on the part of both to get the papers in on time. W. P. Chandler sent his statement to Sacramento on Tuesday.

TEACHERS' COURSE WILL BEGIN TODAY

New Normal English Course in Modern Drama and Novel to Open

The new Fresno State Normal course for teachers, which deals with the modern drama and the modern novel, will begin this afternoon at 4:15 at the Washington Grammar school. George H. Huntington, A. M., whose splendid lectures on the "Character" gained so much attention last spring, will have charge of this new English course which shows signs of becoming very popular among the teachers.

This course will consist primarily of lectures by Mr. Huntington who will first trace the growth of the drama of modern times, later taking up many of the dramas of the present day playwright for discussion. Among the writers who will be considered will be George Bernard Shaw, Oscar Wilde, Henrik Ibsen, W. B. Yeats, Arthur W. Pinero, and Clyde Fitch.

The modern novel will next be considered and the works of such authors as George Meredith, William Makepeace Thackeray, John Galsworthy will be studied.

All of those who intend to join the class have been requested to enter today so as to be present on Monday, Wednesday and Friday. The course will only continue through this semester until next February.

Though this first lecture is on Thursday the succeeding ones will be three times a week on Monday, Wednesday and Friday. The course will only continue through this semester until next February.

NEEDHAM ARRANGES TULARE CO. MEETINGS

Also Meets Voters in Many Towns; Is Coming to Fresno Today

Congressman Needham has completed his itinerary for Tulare county, in this campaign. He will spend three days in the county the early part of October and will then address two meetings in the county later in the month.

Needham spent yesterday in Porterville and vicinity and is expected to arrive in Fresno today, when he will make his itinerary for Fresno county.

In making his tour of the district, Needham is investigating the needs of the various sections and has been in conference with prominent Republicans in the various towns he has visited.

His itinerary for Tulare county is as follows:

Saturday afternoon, October 5, Dinuba Meeting, Tulare.

Saturday night, October 5, Porterville.

Sunday tour of the county in automobile.

Monday morning, October 7, Lindsay.

Monday afternoon, October 7, Exeter.

Monday evening, October 7, Dinuba.

Wednesday evening, October 23, Tulare.

Thursday evening, October 31, Visalia.

Toric Lenses Are

Far superior to the regular flat ones. The curvature conforming to the rotary movements of the eye ball. Looking up or down, or sideways, without turning the head, vision is always at right angles to the surface of the lens. Also the annoying reflection of the flat lens is not found in the Toric curved lens.

Pay us a visit and we will fully explain this MASTER lens.

"MASS CONVENTION" OF TAFT PEOPLE THIS MORNING

Fair Attendance Expected by Frank H. Short, Chairman

No Apportionment Will Be Made of Votes at This Session

The Taft people will meet this morning at 10 o'clock in the old Armory hall, in the Barton building, for the purpose of passing resolutions and endorsing Taft administration and the work of the convention in Chicago, in June and naming a county central committee.

This meeting will be a sort of a "mass" convention, the object being to make a statement made yesterday by Frank H. Short, temporary chairman of the meeting. While there will be no apportionment of delegates and there will be no apportionment of a certain number to each precinct, Short said that "regular" Republicans present would be entitled to vote from their precincts. It is not probable that a roll call will be demanded at the meeting.

A large attendance is not expected at the meeting today, but Short said he expected a fair attendance. Those who were present at the meeting of the "thirteen" last Thursday afternoon will be present today. Among them will be A. M. Drew, John C. Moore, Tom Ingersoll, Charlie Shaw, G. G. Parsons, Lewis H. Smith, Edward Preble and Frank H. Short, in addition to those who will probably be eight or ten others who were delegates to the Republican county convention held last Thursday and the balance will be Taft supporters who have been asked to be in attendance.

Short said he expected a number of the Taft delegates who attended voting last Thursday, to be present today.

The Taft people hold that inasmuch as they adjourned over from last Thursday, their proceedings today will be entirely legal. The main purpose of the meeting today, as expressed by the delegates, is to make a statement of the "thirteen" of the Republican party to the Republican county convention held last Thursday and the balance will be Taft supporters who have been asked to be in attendance.

Short said he expected a number of the Taft delegates who attended voting last Thursday, to be present today.

WINE COMMITTEE ASKS MORE TIME

Receives Partial Offer on Long Time Contract; Growers Pool

The committee of three, appointed by the wine grape growers of Clovis and vicinity to confer with wine men and see if arrangements could be made for a better price for wine grapes, reported to a meeting of the growers held in Clovis last night that the conference had not yet been concluded, and asked for more time. The committee was ordered continued in force and expected to be able to make a definite report at another meeting to be held Friday night.

The members of the committee said they had a partial offer on a long term contract but that nothing definite had yet been agreed.

About 35 wine grape growers signed up about 500 acres and gave the members of the committee power, as selling agents, to negotiate with the wine men for the sale of the grapes. It is said that the pool now contains about 1,000 acres of wine grapes.

The members of the growers' committee were in conference with the wine men, in Fresno, all day yesterday.

The wine people are said to have changed their minds about forcing a 45 price for grapes. The growers have informed them that the grapes will either be dried or will go for hog feed, before they will be delivered to the wineries at this figure. Inasmuch as the California Wine Association, which was the instigator of low prices, has valuable plants, the officers of that association are said to be more willing to confer about better prices as they do not wish their plants to lie idle.

MALAGA MARKET IS STILL IMPROVING

FRUIT SHIPMENTS

Shipments reported \$4.51
Shipments yesterday 37
Total to date \$2.491

While the Malaga market still shows signs of improvement, reports from the Lord district indicate that there is an alarming shortage in Tula, entirely unexpected. Some shortage was expected but it was not nearly as large as is now feared by growers.

In view of this report shortage, the indications are that Malaga growers will receive good prices for their grapes shipped from now on. For a time Malaga sold as low as 15 cents, and this was considered a record low mark when peaches reached this figure earlier in the season. The prices have advanced, however, until now prices are selling from 11 to 12, with the market showing a firm tone.

George Johnston entertained a number of his friends, a few days ago at a bachelor's social, given at his home on North avenue. The house was beautifully decorated for the occasion and Japanese lanterns were strung over the grounds. Music, games and dancing occupied the evening. Those present were Mr. and Mrs. Thomas Bush, Mr. and Mrs. A. Moore, Mr. and Mrs. George Preater, Misses Lena Palmer, Mary Heide, Louise Heide, Jessie Deane, Lena Heide, Blanche Johnston, Bertha Heide, Messrs. George Johnston, Merrill Moore, Frank Johnston, J. H. Moon, Frank Heide, Charles Heide, M. M. Selzer, M. V. Lawton, George Connor, Mal Roche, W. M. Deane, C. C. Lape, Will Heide.

CHIEF JUSTICE DIES
OLYMPIA, Wash., Sept. 18. — Chief Justice Ralph Dunsen of the Washington State Supreme Court, died here early this morning after a lingering illness of several weeks.

The Balance of Our Summer

Stock of White Serge Suits 1/2 Price

—For the woman wanting a smartly tailored white serge suit this is a tempting opportunity to secure one at a ridiculously low figure. There is nothing out of date looking about these suits and can be worn with comfort right up to December; broken sizes and mostly small. If you prefer a white serge dress, prettily made, we have marked all of these summer styles at half price, too.

For the Young Girl

Looking for a Serge Frock

—Something smart, yet not too expensive. We have a charming line of fine French, navy blue serge frocks at \$12.50 and \$15.00. Or if you wish something a little better we have an exceptionally good line at \$25.00. Misses' and small women's sizes.

New Fall

Ginghams

—Such pretty, new patterns for school dresses, mostly the new dark effects; standard qualities, the best line we have ever shown at 12 1/2 to a yard.

Nearly 100 Women's New

Tailored Suits \$25.00

—The woman that wants a smart up to the minute style suit will want to see these new suits straight from the man's factories. Fine serges; plain and two toned. Plain and two-toned chevrons, diagonals. —Mostly all sizes to select from—Price \$25.00 a yard.

Never Were Autumn Suits for Girls and Young Women So Charming as Now

—You will see it in the prettiness of the new Norfolk and tailored suits we have just received from the manufacturer.

—Coats are, of course, a little longer and all prettily lined with good silk. Skirts plainly tailored. We have marked these suits at \$15.00 and when you see them you will agree with us they are worth at least \$20.00.

—For the school girl we have some good tailored wool suits at \$9.95 originally priced at \$12.95. And for the older girl we have a chic line of mixture and serge suits at \$18.95. Skinner satin lined.

Not What a Hat Costs But What it Looks

—In other words, you may pay anywhere from \$5.00 to \$10.00 for your fall hat and yet have it suggest expensive Parisian creation. That is one of the advantages of buying your hats at Kutner's. You get high style at low prices. Call and see our splendid line of \$5.00, \$7.50 and \$10.00 trimmed hats. You will be pleased with them. They are practical, wearable kinds that women are asking for now.

Please Pass the Candy Box

—Is what the family will say if you take home with you a box of Orange Blossom candy. The most delicious, fresh and toothsome chocolates on the market at 50c. pound, and the best caramels in town at 50c. lb. too. Many other candy delicacies at the same price.

—(Candy Dept., main floor).

Grocery Specials

—Shaker Salt, 3 pkgs. 25c.
—Douglas Gloss Starch, 2 pkgs. 15c.
—Pearl Tapioca, 4 lbs. 25c.
—25c jars Long's Preserves, 20c. jar.

Toilet Specials for Today

—These are the famous "Franklin Fifteen" guaranteed suits. Our new full stock now in. A smart selection in serges, chevrons and mixtures; all sizes; one price, \$15.00. Remember if the suit does not give you satisfactory wear, you are given a new suit, FREE.

—Palm Olive Soap, cake, 9c.
—Witch Hazel,
—Java Rice Powder, 33c.
—Rosaline, 21c.
—50c size Theatrical Cold Cream, 40c.
—Bay Rum, best quality, 23c.
—Vogue Cold Cream, 21c.
—Peroxide Greaseless Cream, 21c.
—Lusterite Nail Polish Brick, 21c.
—Pound can Talcum Powder, 19c.
—Hinds' Honey and Almond Cream, 40c.

PLAQUE IS FOUND IN HAWAIIAN ISLANDS

WASHINGTON, Sept. 18.—Indications of bubonic plague have been discovered in the Hawaiian Islands. Capture of one plague-infected rat at Oahu, island of Hawaii, 250 miles from Honolulu, and one suspicious death have been reported to the public health service.

SUIT OVER PATENTS MAY BE DISMISSED AFTER 38 YEARS

WASHINGTON, Sept. 18.—After taking thirty-six years to wind its way through the lower tribunals to the Supreme Court of the United States the suit of George Harrington of the District of Columbia, and Thomas A. Edison of New Jersey against the Atlantic and Pacific Telegraph Company, and Jay Gould of New York, over telegraph patents, may be dismissed without a hearing. Attorneys for the corporation and the Goulds today filed a request that the case be dismissed "because of lack of jurisdiction."

All the individual parties to the suit have been dead for twenty years, except Mr. Edison. At one time \$100,000 was awarded to Harrington and Gould, but the latest judgment was that the suit should have been dismissed at its beginning.

Plans for sale, printed and developed in a first class manner. Baker & Colson Drug Company. Phone Main 57.

19 Members Join Wormser's Hoosier Club in Three Days

At this rate, you can readily see that today may witness the closing of the club. You must act quickly if you wish to be served from this shipment of Hoosiers. Don't be one of the disappointed ones. Come in and enroll your name at once.

Why You Should Join Now

Owing to the great demand for Hoosier Cabinets all over the country, we have been allotted only 25 Cabinets for this club sale. When these are gone, it may be several months before we can get any more.

The price is the same as fixed by the manufacturers all over the country, and the Cabinets will be sold on special terms of \$5.00 down and \$1.00 a week. Cabinets will be delivered immediately on payment of membership fee.

\$5.00 Makes You a Member

How the Hoosier Cabinet Saves Miles of Steps

The Hoosier Cabinet is the greatest step saver ever invented for kitchen work. It combines your work table, your pantry and your kitchen cabinet in one spot. Your sink is at your finger tips! Your pans and dishes at arm's length! Your spices, flour and sugar under your hand! Your whole kitchen workshop in a compact space no bigger than a kitchen table! It saves you steps, time and money every minute of the day. Be one of the club members. Enroll now, today, before the club is filled.
